Adventist Bioethics in the 21st Century

April 18, 2016

Centennial Complex | Chen Fong Conference Center

Goals

- To create a bioethics learning collaborative among the five Adventist health systems
- To share creative approaches to clinical ethics in Adventist health care institutions
- To increase awareness of the bioethics resources available to our health systems
- To strengthen the bioethics bond between the Adventist Church and its health systems in North America
- To explore the potential for future cooperation in bioethics across the Adventist health systems

Schedule
